PROJECTS

I have worked on AI Secure Camera Application, and AbsoluteFit mobile applications with a group of five people, and worked on Mother Platform App project with my another team. AI Secure will help consumers protect their properties from robbing and burglary by connecting to other devices such as cameras and cell phones that are no longer in use. In addition, AbsoluteFit is Home Workouts app; and it is about bringing a gym to your place, also it is about motivating individuals and the health and wellbeing of the society. Finally, the purpose of Mother Platform App is to offer a network for mothers to interact and support one another.

SKILLS

Hard Skills

- Speaks English, Chinese, Kurdish, and Turkish
- Academic Writing
- Email writing
- Letter writing
- HTML/CSS/JavaScript
- C#, SQL
- Unix/Linux

Soft Skills

- Patience
- Time management
- Teamwork
- Organization
- Critical thinking
- Leadership

Special Achievements:

In my Software Methodologies course, we had a group work last semester. In the middle of the semester one of my group members dropped the course, and we all thought that we cannot finish it by ourselves because the project that we were working on it was the person who dropped the course. I took the leadership of team and encourage my group members that if we all do it together, we could get better at the end of the project. I arranged weekly meetings to encourage my group members and at the end of the course, we completed our project, and we obtained an A+ grade.

Special Achievements:

When I was in China, I had my Chinese course with my colleagues. Every day after work, we had to go to that course to learn Chinese and complete Chinese exam. All of my colleagues tried to escape after work because we had busy schedule whole week. Even though they were laughing at me and said that I cannot learn Chinese, I passed Chinese HSK 5 level examination after one year of my patience and hardworking.

Awards/Accomplishments:
- Certificate of Appreciation

Awards/Accomplishments:
- Certificate of Ebru Painting
